

Amendment to the Specification:

The first paragraph of the Specification is replaced with the following new paragraph:

“This application is a divisional of U.S. Application No. 10/085,930 filed February 27, 2002 issued as U.S. Patent No. 6,670,456 issued December 30, 2003, which claimed the benefit of U.S. Provisional Application No. 60/272,288 filed February 28, 2001.”

Please replace the abstract with the following:

“Complexes of functionalized polyazamacrocyclic chelants complexed with actinium-225 are disclosed. The complexes may be covalently attached to a biological carrier. Methods of therapeutic treatment of a mammal having cancer are also disclosed.”
